## **Avalanche along Buck Ridge**

Buck Ridge Northern Madison 1/29/2023 Code AM-R1-D1 Latitude 45.18360 Longitude -111.46700 Notes

Avalanche (possibly sled/human triggered) on an easy to northeast facing slope around 9300 feet. There were lots of sled tracks on the slope, which is located just out of the wilderness at the far end of Buck Ridge. <u>Slide</u> and sled tracks appeared to be from after the weekend storm and were covered with light snow from the last couple days. Noted lots of wind transported snow along buck ridge this afternoon.
