

Big Slide on Eaglehead Mountain

Portal Creek

Northern Gallatin

3/2/2024

Code

Latitude

45.28900

Longitude

-111.14100

Notes

From obs on 03/07/2024: "Big [slide](#) below the radio tower. Kept our distance but looks like a large crown. The base up Portal is really inconsistent. Some spots it's great and others you sink up to your chest. Had 4 instances of whomping on fairly flat ground in the trees. 1st picture is from today and 2nd is from Sunday"
